"THE LONELY TREE."

A few years ago the Explorade  
Was beautifully adorned with trees,  
And still the fountain, gushing forth,  
Cooled the sultry summer breeze.

At evening, when the whistles blew,  
And men from their toil were done,  
They gathered in throngs on Fountain Square  
To watch the setting sun.

But as the life of all must end,  
All but one of these trees were hewn;  
And we should see on Memorial Day  
That flowers on their graves be strewn.

The fountain now has ceased to flow,  
But the lonely tree yet stands,  
And gives inspiration to the honest man  
As it waves its beckoning hands.

Oh, Council, spare that lonely tree!  
And let it live to know  
That on the seventh day of May  
The rum saloon shall go.

As a result of the refusal of master plumbers  
to grant them more pay and shorter hours, all  
members of the Journeyman Plumbers, Gas and  
Steam Fitters' Union in Lexington, forty in  
number, went out on a strike Monday. The  
strikers demand eight hours and a \$4 scale,  
instead of nine hours and a \$3 60 scale. Ap-  
prentices are the only men at work.

lives alone at Dover, has found Wayne Bowen,  
a brother, whom she had mourned as dead for  
years. He ran away from home at the age of  
14, and no one had heard from him since.  
That was twenty-five years ago. He resides at  
San Francisco, where he will take his sister to live.

## New School Building!

Owing to the fact of the School Board's  
having bought the old Perkhouse (our  
warehouse) for the site for the new High  
School Building, we are obliged to move  
all our vehicles within the next 60 days;  
and we have figured that it would be bet-  
ter to sell them than to move, a storeroom  
in Maysville is pretty scarce just now, and  
besides it is very expensive to move four or  
five carloads of crated vehicles.

## Therefore!

We are beginning today the most phenome-  
nal sale of vehicles ever held in Maysville,  
and a word to the wise should be sufficient.  
"If you are contemplating the purchase of  
a rig of any kind, now is your oppor-  
tunity."

room-mate of \$40 and skipped out. He was de-  
livered into the hands of a Hamilton officer, who  
arrived here last evening, having agreed to re-  
turn to Ohio without requisition papers. His  
wife, a Police Court character, resides in this

CHARLES E. HUGHES, OF NEW YORK.

For Governor of Kentucky,  
AUGUSTUS E. WILLSON OF LOUISVILLE.

FORMER Governor McCORKLE of West Virginia and W. E. CHILTON, a prominent lawyer of Charleston, while in Cincinnati recently said Judge TAFT is the leading candidate among the Republicans of their state for the Presidency because he represents what ROOSEVELT stands for.

JUDGE JIM HARGIS expresses his approval over the fact that he will be tried at Sandy Hook. He says he would rather be tried there than at Jackson, his home town. The distinguished gent evidently is not very popular with the home folks of Breathitt county. They ought to be on to the noble JREMS' curves by this time.

WHEN Consul General MASON investigated the question of transportation in Germany, he declared that under ideal conditions a Nation would see that its raw materials, such as coal, ores, timber, stone, cotton, grain, and crude materials, were carried by waterways, as haste was not so necessary, while the perishables, smaller packages, and passengers should be carried by railroad. He argued that the one method of transportation should supplement, not supplant the other.

The recount of the vote of New York city recently ordered by the Legislature may result in the ousting of Mayor McCLELLAN and the seating of WILLIAM RANDOLPH HEARST. If HEARST was elected he should have the office. Mayor McCLELLAN is too dead to skin anyhow, politically.

It is estimated that the silk industry of the United States gives employment to 79,600 operatives and represents a capital of \$109,556,621. The time was when free traders scouted the idea that it would ever be possible for our silk manufacturers to compete successfully with those abroad.

EDITOR CURRAN says in his MAYSVILLE PUBLIC LEDGER that "it is stated that no appeal will be taken in the Gaines case." He has evidently been imposed upon. Who on earth made so untruthful statement? And who imagines us so great a fool as to pay such a verdict until all legal means are exhausted? Don't let 'em fool you, Br'er CURRAN. We will fight the case until hell freezes over, and then fight it on the ice.—*Kentucky State Journal*.

All right, Br'er WALTON. We'll try and not let 'em fool us. But it was telegraphed to the papers that you would settle on the \$2,000 basis, and we reprinted it. If you are going to fight it out "till hell freezes over," you'll need a pair of skates and some other supplies. Let NOEL know that you are no cheap skate, however.

TOO MUCH WATER, SAYS MR. HAGGIN.

### Bulls and Bears.

J. B. Haggins was asked what he thought about the panic. His reply was a modernized version of an old story and well merits repeating.

"A man brought a sick calf into Wall street to be treated, said Mr. Haggins. "He took it to H. H. Rogers, who advised that it be given oil. The owner gave the calf oil and it got sicker."

"He then took it to Mr. Havemeyer, who advised that sugar be administered. The man gave the sick calf sugar and it got worse."

"He then took the calf to Mr. Morgan, who gave it water—and the calf died."

# WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that they had a very strong laxative effect. I agreed with my doctor and surgeon when I showed him thirty feet, and in another day the result amazed me—the same length of a tape-worm was captured in my stool. Since then I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

## FISCAL COURT

Court met in regular session yesterday, Judge C. D. Newell presiding and all Magistrates, together with County Attorney Slattery in attendance.

The 114 interest coupons of the Free Pike bonds, which have been paid by the County Treasurer, were produced in Court and burned in the presence of the Magistrates.

All of the Treasurer's reports were referred to the Finance Committee.

Mr. C. D. Pearce was re-elected County Treasurer for the ensuing term. The salary was fixed at \$200 per year.

The report of Superintendent W. P. Smoot and his assistant, William Luttrell, was produced in Court, received and filed.

Ordered that the report of the Advisory Board this day received in Court be accepted and filed.

The report to the Court made the following observations concerning the scarcity of quarters—

"Here we wish to emphasize the great scarcity of quarries, a thing that does not exist on a single side road in the county, yet to undertake to provide, at this time, would necessitate an outlay of money the county is unprepared to meet. Hence, the absolute dependence of the county at present for the maintenance of her side roads is a mere cordial co-operation of residents living on such roads in the matter of supplying metal for repairs; not gratis, understand, without which the county is helpless and the efforts of supervisors futile."

"Our side roads are an important adjunct to our road system—there citizenship has a two-fold interest—one of the advantages afforded is good roads, the other, enhanced valuation placed on their land, considerations which should stimulate an effort on the part of the farmer to render every possible assistance in behalf of their respective roads."

Ordered that the petition from certain citizens in the Lewisburg Precinct for a Turnpike from Williams' Tollgate to the Taylor's Mill dirt road, and to intercept the Owens pike on Little Mill Creek, together with the levy and subscription list of citizens along the route of said proposed road, be received, filed and spread on the records.

The Bond of C. D. Pearce as Treasurer of Mason county, with the United States Fidelity and Guaranty Company of Baltimore, Md., as surety on bond, was accepted and approved by the Court.

Friday evening Judge William McDowell of Covington will give a dinner in honor of Federal Judge A. M. J. Cochran of this city.

The taking of proof in the case of the railroads of Kentucky against the State Railroad Commission, to test the validity of the act of the Commission in ordering a reduction of freight rates in the state, has been set for April 15th before Colonel Samuel H. Stone, recently appointed by Judge A. M. J. Cochran as Commissioner.

## WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY

MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, dislocations, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not healed the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound, has cured more cases of feminine ill as any other one remedy. Such letters as the following

are constantly being received by Mrs. Pinkham to prove our claims.

Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 56 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 25th Street, New York, writes:

"When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

## Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

## Happiness By the Carload!

We have lately effected a deal that means saving of thousands of dollars to this community. We are buying pianos by the carload from a grand old factory in the East whose output is amongst the largest in the world. This arrangement places us on the class of "piano dealers" and places us into the class of piano jobber. You may not realize just what this means, but if you will call and examine the values we now offer you will appreciate our efforts when you see the great saving.

### \$300 PIANO for \$200!

Pianos are no longer a luxury; they are now a necessity; and when we offer you a fine \$300 instrument for \$200 they are within your reach.

### ONLY TIME WILL TELL!

What effect upon the morals and intelligence of the community this latest move of ours will have. No one is now too poor to give the child a chance to rise above his surroundings; for if you don't feel able to buy one of the fine pianos above described we have a plainer case at a less price. Look:

### \$250 PIANO for \$150!

These pianos are all new uprights of worth and value well-known. Their makers have proven the worth of every instrument we sell by many years of conscientious, efficient service.

### THEIR NAMES ARE FAMILIAR!

We do not advertise the names of these pianos, because it would cause much embarrassment to piano dealers of adjacent territory that sell these same pianos at much more money. It would also embarrass us, for we had to sell these same pianos ourselves for much more money when we were piano dealers.

### BOUND WITH HOOPS OF STEEL!

Were many of us to our surroundings. Don't tie your child down to the conditions and environments that bound your early life. Give the child a chance to develop and rise superior to external conditions. If you haven't the cash you can pay us \$1.50 per week. Get a piano.

Brigadier General Richard Combs, U. S. A., who retired in 1901, is dead in San Francisco. He was born in Ireland.

The city of Flemingsburg Monday sold \$5,500 one to year building bonds for \$5,000 to the Deposit Bank of Pearce, Fane & Co.

March came in like a lamb and went out the same way. In fact the past March was a very cold month for wind and bad weather. But the cold in March was also a record breaker.

James Dilly was killed and his son, Baden Dilly, was wounded in an effort to prevent a mob in front of their house near Wisdom, in Scottsboro county. Blaine Pierce is charged with firing both shots.

Former Senator J. C. S. Blackburn Monday received from President Roosevelt his commission as a member of the Isthmian Canal Commission. Mr. Blackburn will sail from New York for the Isthmus Monday next.

While operating a small gasoline feed mill, Saturday, in his stable at Cowan, in Fleming County, William Cottingham tried to force the feed into the hopper with his hand, and as a result lost three fingers before the engine could be stopped.

After escaping death three times in railroad wrecks and being blown up by the explosion of a steam engine, John L. McGuire, an engineer on the L. C. Railroad, died in his home in Paducah from a ruptured blood vessel caused by a fit of coughing.

An offer of \$250,000 has been made for the Christian Church at Louisville (Dr. E. L. St. John) by Klaw & Erlanger theatrical syndicate who want to build another theater. The "Mary Anderson Theater," one of the handsomest in the South was dedicated Monday night.

Mrs. Emma Roach, serving a sentence of twenty-one years for the murder of her husband, and sent from Webster county, committed suicide in the State Penitentiary at Frankfort Monday by swallowing carbolic acid and lardum. She was employed in the drug department. The woman recently appealed to the Prison Commissioners for a parole, taking all the blame for the crime on her shoulder, and pleading for the release of her two brothers, now serving sentences under conviction as accessories to the murder. At the time of her conviction the case attracted wide attention, especially in Western Kentucky.

## Railroads Not Allowed to Discriminate Against Union Men

## Congressional Act Upheld By United States Judge Cochran. Law in Favor of Union Labor Declared to Be Constitutional

Judge A. M. J. Cochran handed down a decision in the Federal Court at Covington yesterday that is of national importance.

Federal Judge Evans, in a similar case, gave an opposite decision, and allusion to the latter was made in President Roosevelt's message to Congress.

It was in the case of William Adair, Master Mechanic of the L. and N. Railroad, who was indicted last fall on two counts for discriminating against and discharging O. B. Coppage, a fireman and member of the Order of Locomotive Firemen.

The indictment was found under an act passed by Congress providing for a fine of \$100 to \$1,000, and prohibiting an employee to enter an agreement not to join a Labor Union, to threaten employee with discharge if he so joins or to prevent any employee discharged from securing employment.

A demurrer attacking the constitutionality of the act was filed. The Court held that the act was constitutional; that Coppage was engaged in interstate commerce, and that employees of the road were adjuncts to same.

## A LONG-FELED WANT.

It is Supplied at Last in Maysville.

Ever have itching piles? Not sick enough to go to bed; not well enough to he content.

The constant itching sensation. Spoils your temper, nearly drives you crazy. You can have relief and cure if you will follow the advice of a local citizen.

Mrs. S. F. Tolle, of 117 Short street, Maysville, Ky., says:

"Before I used Doan's Ointment, in March 1900, I had suffered for a long while with itching hemorrhoids. I had tried persistently to rid myself of the trouble but without success, and anybody who has known the tortures of this complaint will understand what I suffered. Doan's Ointment cured me, as stated in a testimonial given at that time. During the five years past I have had no return of the trouble. It required only one box to bring this gratifying result. I have used Doan's Ointment for other purposes and find that it is a specific for skin troubles and all itching diseases."

Forsale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
